#### What if I cannot manage in lessons?

Don't worry — lessons will be set so they challenge you, whilst making sure you can complete the work.

Top Tips:

- Always listen to your teacher at the start of the lesson; if you're unsure about anything just raise your hand and ask.
- Don't interrupt when the teacher is talking.
- Don't expect to know everything when you first start; it will take time to settle in.
- Always check you understand what you need to do for home learning; ask if you aren't sure.

# MESSAGES FROM CURRENT STUDENTS

Dear future Year 7,

If you are worried, don't be, Castle Hall Academy is the best school you could possibly come to. Every single teacher is so supportive. You can speak to your Head of Year about anything. If you are worried about making friends, don't be, there is nothing to worry about your Head of Year will help you to make friends.

See you soon,

Alesha - Year 7

Dear future Year 7,

When I first started at Castle Hall I was very nervous. I didn't know if anyone would like me, people from my primary school came so I just stuck with them to start with. A couple of weeks in and I started feeling confident to ask questions and speak up. As time went on I started making friends with different people, I liked them and they liked me. It just felt like we were all a family. The teachers are great, they help you—they are kind.

I am looking forward to seeing you join Year 7.

See you here soon!

Jaxon Year 7
